

Introduction of Our Small Head Product

Trouble at some factories . . .

Too narrow area and
no space to install a level
switch or indicator

Possible to change a head from
standard size to smaller one by
separating the amplifier!!

How to separate

Exclusive coaxial cable

■ Introduction of Our Products with Separate Amplifier

Capacitance Type Level Switch/ALN
Exclusive coaxial cable: Max. 5m long

Vibration Type Level Switch/KVK
Exclusive coaxial cable: Max. 10m long

Vibration Type Level Switch/KVX
Exclusive coaxial cable: Max. 4m long

Vibration Type Level Switch/XV2
Exclusive coaxial cable: Max. 4m long

Microwave Type Level Switch/MWS2
Exclusive coaxial cable: Max. 10m long

Microwave Type Level Switch/KFD
Exclusive coaxial cable: Max. 10m long
