

KMS series

Small Rotary Paddle Level Switch

Available from 21th June 2024!

Completely redesigned Small Rotary Paddle Level Switch DC24V available! Here we introduce redesigned Small Rotary Paddle Level Switch, KMS series!

■ Standard Model

Power Source	AC100V~110V or 200V~220V (50/60Hz) or DC24V
Contact Capacity	AC250/5A DC30V/5A
Rate of Rotation	1rpm
Rotation Direction	Clockwise(from sensing paddle)
Contact Capacity	MAX. 1.5W
Allowable Temperature	0~60°C
Temperature in the Tank	0~60°C, Heat Resistant Model; 0~200°C
Housing Material	ADC
IP Rating	IP65
Color	Gold
Process Connection	G3/4B
Apparent Specific Gravity	0.3 or more
Cable	300mm 0.5mm2×6C

■ Options

Folding paddle

Can be mounted without removing paddle.

Indication Lamp

Operation can be checked from outside the tank.

In operation

Not in operation

■ Specifications

Specifications can be selected according to the applications.

Standard type

Wetted Part SUS type

Heat Resistant type

Protective Tube type
(L=50/200/250/300)
